

Hot Sunny days/Sun-Cream

At Fairfield Preschool we want all staff and children to enjoy the sun safely. We will work with staff, parents, and carers to achieve this through.

Clothing

- The children will be encouraged to wear clothes that provide good sun protection (sun hats etc)
- Parents/carers will be duly informed of the importance to provide the preschool with the appropriate clothing/headwear
- Staff should wear hats when appropriate to act as a good role model and to also demonstrate drinking plenty of water
- Children are encouraged to increase their water intake in hot weather and are encouraged to do so in outdoor areas also.
- Water will always be available to children throughout the day from their water bottles which the children will be able to access independently. (both indoors and outdoors)

Sun-screen

- Parents to provide an unopened bottle of sun cream.
- Parents of children that attend for a half day should apply sun cream to their child at home. For those children that attend for a full day, parents should apply cream to their children before they come to preschool and staff will assist the child in re-applying it during the day when necessary
- Parents are asked to give written permission for sun cream to be applied to their children.
- Parents are required to provide the preschool appropriate sun cream for their children
- The sun cream must be in date and be a minimum factor 30 with a 5-star UVA rating (this is usually visible on the bottle).
- Parents are welcome to leave the sun cream at the preschool for the duration of the summer, but this cream must be clearly labelled with the child's name on it

I.....have read and understood the information above regarding the administration of sun-cream and will follow the advice given.

I..... give permission for staff to supervise/support/give assistance to my child on putting sun-cream on, when necessary.

Any questions or further information, please speak to Mrs. Blaylock or Mrs. Lambert.

Many Thanks,

Mrs. Blaylock
